Calculate Area and Perimeter

Write an Algorithm and draw a Flowchart to Calculate the area and perimeter of a square.

Algorithm:

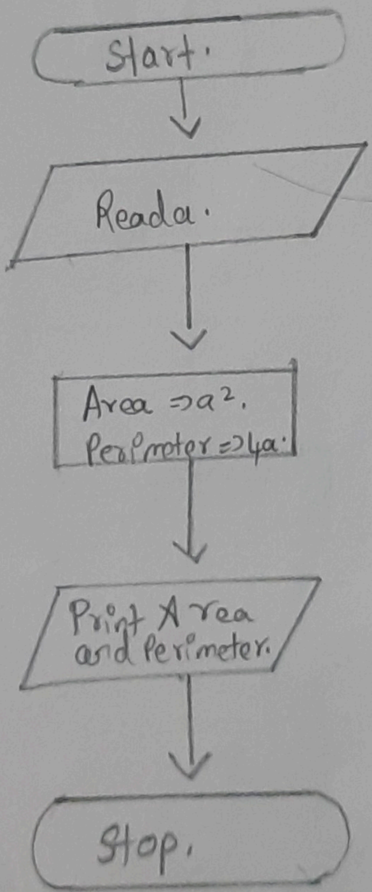
Step 1:- Take side of Square as a.

Step 2:- Get the value of a.

Step 3:- To find the area of the square => a^2.

Step 4:- To find the perimeter of the Square => 4a.

Flowchart:



Ex. No.: 2 **Date:** 02/10/24

Days to Year Conversion

Write an Algorithm and draw a Flowchart to convert the given days into years & months.

Algorithm:

step1:- let take no of days as a.

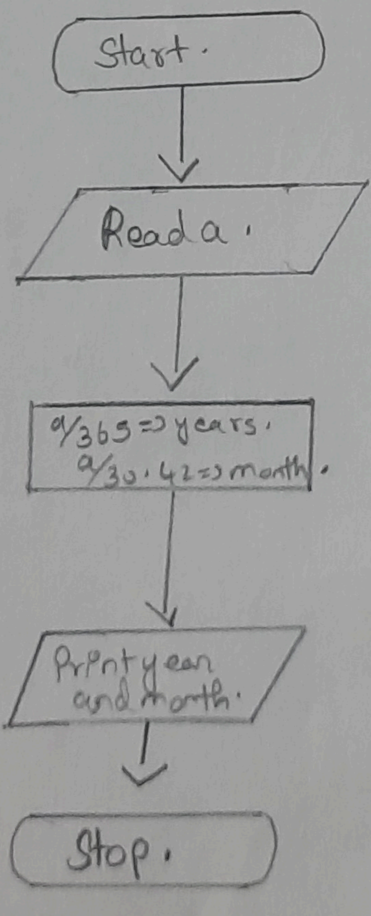
step2:- $a/365$ => years.

step3:- Print year value.

step4:- $\frac{365}{12}$ => 30.42.

step5:- $a/30.42$ => months.

Flowchart:



Date: 22/10/24

Ex. No.: 3

Prime Number

Write an Algorithm and draw a Flowchart to check whether the given number is Prime or not.

Algorithm:

Step1:- Take n as number.

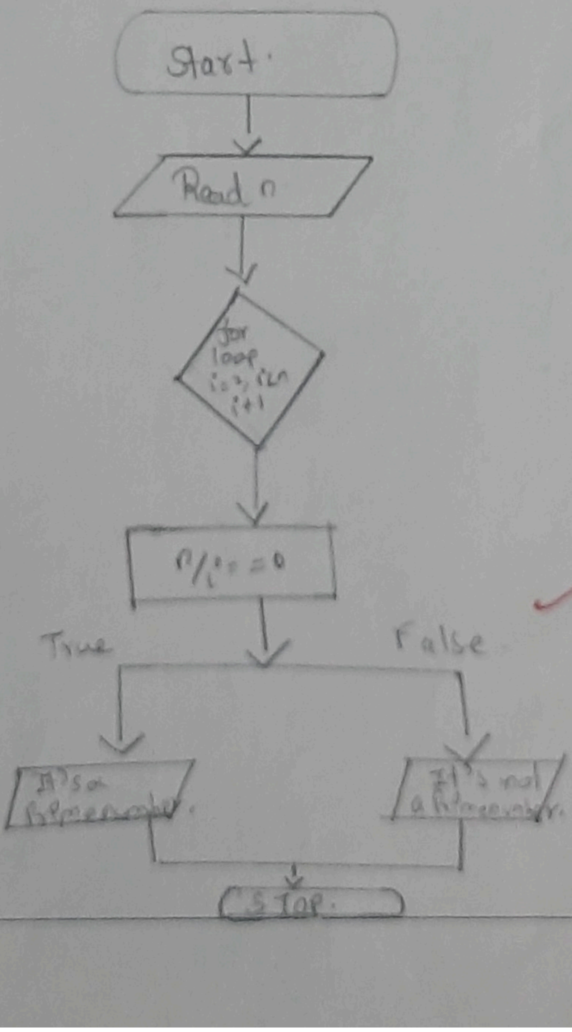
Step2: Iterate a loop.
(i = 2, i<n, i+1)

Step3:- n%i == 0.

Step4:- it is not a prime number.

Step5:- otherwise It is a prime number.

Flowchart:



RPR

Ex. No.: 4 **Date:** 22/10/24

Leap Year

Write an Algorithm and draw a Flowchart to check whether the given year is Leap year or not.

Algorithm:

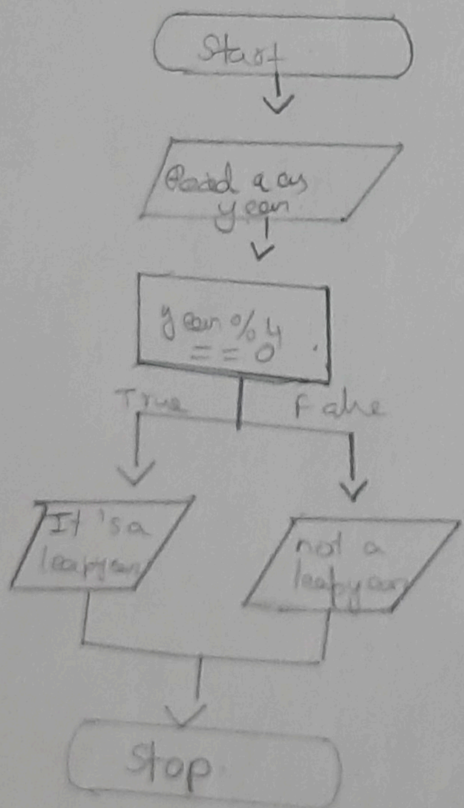
Step1:- let take a as a year.

Step2: year % 4 == 0.

Step 3: If it is true, it is a Leapyear.

Step4: otherwise it not a leap year.

Flowchart:



Ex. No.: 5

Date: 22/10/24

Palindrome Number

Write an Algorithm and draw a Flowchart to check whether the given number is palindrome number or not.

Algorithm:

Step1:- let take n as Pnt

Step2:- Assign reversed = 0.

Step3:- n! = 0.

reversed = rerversed * 10 + remainder.

Step4:- n / = 10.

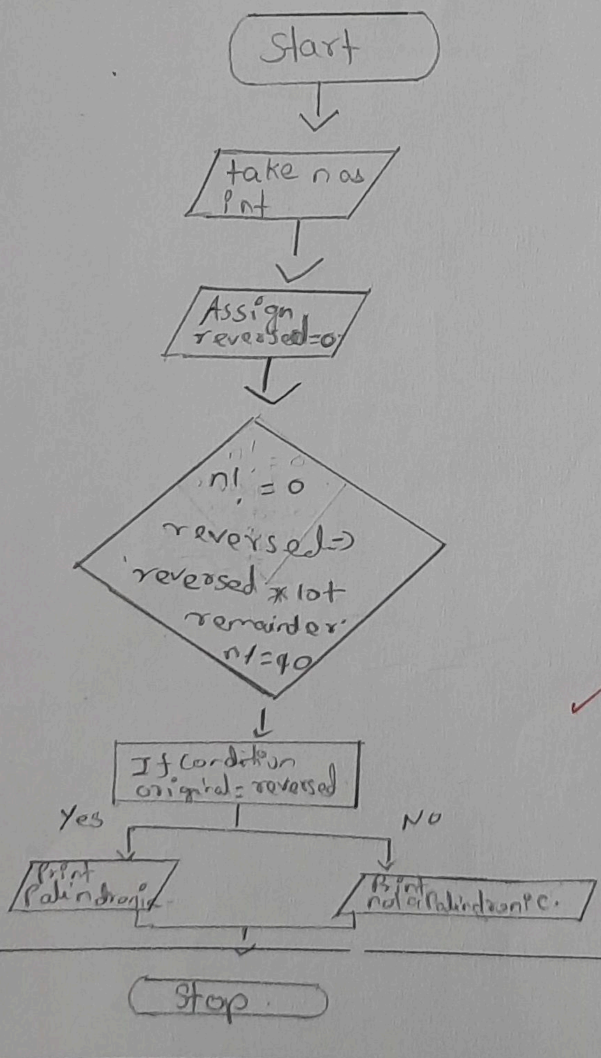
Step5:- If condition.

(original = reversed.)

Step6:- Print It is a Palindrome.

Step7:- otherwise print It is not a palindrome.

Flowchart:



Ex. No.: 6

Date: 22/10/24

Sum of Digits

Write an Algorithm and draw a Flowchart to calculate the sum of digits in the given number.

Algorithm:

Step1:- Get anumbern.

step2:- Declare sum = 0, remainder=0.

step3:- Readn.

step4:- whileloop (n>0).

Step5:- remainder n%10.

step6:- sum= sum +remainder.

step7:- ~~=~~ n => n/10.

Flowchart:
